Jim Hughes, convicted of the killing of Marshal Smiley at Providence several months ago, and given a sentence of six years in the penitentiary, took an appeal and the decision of the lower court has been reversed. Announcements For The Next Session.

Sunday was the commencement Sunday for South Kentucky College. Eld. H. D. Smith preached the sermon for the occasion at the Christian church at night to a crowded house. It was a very fine discourse and was listened to with the closest attention. The sermon was suitable to the occasion and made a deep impression not only on the young people to whom it was especially addressed, but upon young and old alike.

Yesterday was the day for final examinations and the actual work of the students was completed. The examinations were held in the college.

This evening at 8:15 the Junior entertainment and oratorical contest will come off in the college chapel.

#### MAY BE MURDER.

Blood shed at a Negro Festival at Beverly.

A shooting that is pretty apt to result in a killing occurred at Beverly Saturday night.

The colored population had a festival in the blacksmith's shop at Beverly and a fight came up between Albert Dade and another negro whose name is not known. Dade pulled a pistol and shot at the other, missing him and hitting Lee Radford, who was in no way concerned in the fight. The ball struck Radford in the side and passed clear through his body making a wound almost necessarily fatal. Radford was still alive yesterday morning, but his condition was regarded as hopeless. Radford lives with his brother who is a farm hand at Ernest Steger's, near Longview.

Dade lives at I. H. Cayce's, near Beverly. He has made no attempt to get away and was at work as usual yesterday. No warrant had been sworn out for his arrest yesterday afternoon.

As the grand jury is now in session, the case will doubtless be investigated without an examining trial.

### SHACK WON IT.

THE SECOND DISTRICT MAN NAMED FOR CLERK.

The Democratic Platform The Straight Tickets—Proceedings of The Frankfort State Convention.

Frankfort, Ky., June 2.—After permanently organizing at the afternoon session by electing Geo. S. Fulton, of Nelson, permanent chairman, and retaining the temporary secretaries, the convention adjourned till 8 o'clock. Two ballots taken showed the candidates well bunched, with Mason in the rear. At midnight the convention adjourned till 9 o'clock Thursday.

#### THE LAST DAY.

Frankfort, Ky., June 3.—Sam J. Shackelford, of Daviess county, received the Democratic nomination for Clerk of the Court of Appeals this afternoon on the 10th ballot which resulted as follows: Shackelford 571, Green 629.

The convention was called to order at 9:30 and Chairman Fulton made a strong appeal for harmony and for the convention to proceed in order.

On the arrival of the morning train and the announcement of the arrival of the Dispatch the convention asked for time. Senator Hays moved that recess of ten minutes be taken to read the Dispatch. It was declared carried and the papers were spread over the hall.

The motion of Chas. M. Mescham, of Hopkinsville, that no further nominations be made and that the voting be confined to the candidates now before the convention meant business and that things were going to be brought to a close, if it could be done by the delegates.

The third, fourth and fifth ballots were merely the casting of each candidate's instructed vote. The greatest excitement was occasioned pending the tabulation of the vote of the sixth ballot, as, according to the resolution the hindmost name should be dropped. Delegates began to pull for their friends and there were hardly a half dozen delegates in their seats. On the count Green led and Mason's name was dropped.

During the seventh ballot it was shown that the fight was between Green and Richardson. Delegates began to get quiet, and keenest interest was manifested. As the votes of Mason shifted to various candidates cheers went up. Green tallied to a majority of Mason's vote.

The seventh ballot resulted: Green, 278; Watson, 192; Ford, 184; Shackelford 201, Richardson, 230.

Ford's name was dropped.

On the eighth ballot it was apparent that Ford was throwing his vote to Shackelford.

The eighth ballot resulted: Green, 319; Richardson, 244; Shackelford, 323; Watson, 212.

Watson's name was dropped.

On ninth ballot Graves, Watson's county, went for Green.

There was increased interest in the ninth ballot, which resulted: Green, 437; Shackelford, 381; Richardson, 278.

Richardson was dropped.

During the taking of the tenth ballot the convention hall was a perfect sea of excitement.

## THE PLATFORM.

By the Democracy of the State of Kentucky, in convention assembled, we do hereby reaffirm our faith in the principles set forth and enumerated in the platform adopted by the Democratic party in the National Convention held at Chicago in July, 1896, and we re-adopt said platform as the platform of the Democracy of Kentucky.

Second—That the principles adopted and set forth in that platform are the true principles of Democratic faith, and we urge upon our constituents to stand by them at all times and under all circumstances and conditions.

Third—That we indorse the canvass made by William H. Bryan, the nominee of the Democratic party for the presidency of the United States in the late election. We recommend his election, approve it as just and fair to all parties and interests of our common country. We recognize in him the peerless orator and statesman, and the great champion of the people's rights against the money power, the monopolists, the syndicates and trusts and pledge him the support of a united Democracy in our State.

Fourth—That we condemn the dishonesty, corruption and incompetency of the present Republican State Administration. It has resulted in disorder, encouraged crime and increased the burden of an already overtaxed and oppressed people.

Fifth—That the Democratic party has always been and is still the friend and protector of the laboring man, whether in the field, the mine or the workshop, and we recommend the passage of such laws as will prevent any competition of the products of convict labor against the products of free and honest labor.

Sixth—That we remember with pride the heroic efforts of our late Senator, the Hon. J. C. S. Blackburn, and those who so nobly stood by him in the recent campaign, and we commend the Democratic members of the Legislature for their successful efforts to defeat the iniquitous measure intended to change the election laws of the State in the interest of fraud and corruption.

Only one or two changes were made

In the State Committee. Jno. L. Dunlap succeeds W. O. Head, in the 5th district, and two vacancies were filled caused by resignations. The party law remains the same with a few unimportant changes.

## "The Foot of a Fly"

says an eminent English doctor, "will carry enough poison to infect a household." In summer-time, more especially, disease germs all the air, multitudes are infected, till ill, die; multitudes escape. These messengers of mischief do not exist for millions. Why not? Because they are healthy and strong—protected as a crocodile against gunshots. It is the weak, the wasted, the thin-blooded who fall; those who have no resistive power so that a sudden cough or cold develops into graver disease. We hear of catching disease! Why not catch health? We can do it by always maintaining our healthy weight.

## Scott's Emulsion.

of Cod-liver Oil, is condensed nourishment food for the building up of the system to resist the attacks of disease. It should be taken in reasonable doses all summer long by all those whose weight is below the standard of health. If you are losing ground, try a bottle now.

For sale by all druggists at 50c per bottle.

## HOW TO FIND OUT.

Fill a bottle or common glass with urine and let it stand twenty-four hours any sediment or settling in it, or a diseased condition of the kidneys. When urine stands limen it is positive evidence of kidney trouble. To frequent desire to urinate or pain in the back, is also convincing proof that the kidneys and bladder are out of order.

## WHAT TO DO.

There is comfort in the knowledge often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fills every wish in relieving pain in the back, kidneys, liver, bladder and every part of the urinary passages. It corrects inability to hold urine, secures freedom in passing it, or had effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up many times during the night to urinate. The mild and extraordinary effects of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists price fifty cents and one dollar. For a sample bottle and pamphlet, both sent free by mail, mention the HOPKINSVILLE KENTUCKIAN. Dr. Kilmer & Co., Birmingham, N. Y. The proprietors of this paper guarantee the genuineness of this offer.

Holders and owners of said bonds are ordered and directed to present said bonds to the City Bank of Hopkinsville, Ky., for payment on the said 1st day of July 1897. Done by order of the Christian County Fiscal Court, this 10th day of April, 1897.

## Health and Pleasure Resort.

In this issue appears an advertisement of that popular health and pleasure resort, Cerulean Springs. Messrs. W. S. Goodwin and W. A. P'Pool, of this city, the owners of the Springs property, have made many improvements on the grounds and the hotel and cottages have been furnished throughout, ready for the season of '97, which is now open. At present there are a number of guests at Cerulean and every day from now on there will be new arrivals. Although the hotel is a large one it is expected that early in the season every room will be taken. The opening ball occurs on the evening of the 18th inst., and a tremendous crowd of young people will fill the ball room. Other balls will be given during the season and it is safe to say that all of them will be largely attended. A first class Italian band has been engaged to furnish music and will remain throughout the season. For a good quiet place with water unassumed, for the cure of indigestion, dyspepsia, kidney troubles, blood diseases, etc., there is no place that excels Cerulean. Situated in a pretty country and surrounded by woods, makes it a cool and inviting spot to spend a few weeks from the busy cares of city life during the hot summer months. The Ohio Valley railroad will give reduced rates during the season and persons desiring to leave Hopkinsville in the morning will arrive at the Springs before breakfast. They can also leave at 2:30 p. m., or at 5 p. m., and arrive in plenty of time for supper. The management of the hotel will make every effort to make the stay of people who find it cheaper to go to this pleasant place than to stay at home. A large number of Hopkinsville people visit Cerulean every summer and they are always benefited by the water.

Messrs. Goodwin & P'Pool are gentlemen who enjoy a wide acquaintance and are exceedingly popular with all and they will exert every effort at command to make this the most popular place of the kind in the State.

Their tables will always be loaded down with the best of eatables the market affords and the people who patronize Cerulean Springs will always be pleased with their stay and go home happy.

## Gladness Comes

With a better understanding of the transcendent nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in this knowledge, because so many former ailments are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with which the family doctor everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physician, but if in need of a laxative, one should have the best, and with the best informed, every family should keep a supply of Figs stands highest and is most largely used and gives most general satisfaction.

DEATHS.

COLORED.

HOWARD—Sivley Howard, aged 7 years, daughter of Chester Howard, died in the city Sunday of fever.

Excellent Outing in Store.

On account of hard times and general depression in business the Chesapeake and Ohio railroad Company did not run the usual personally conducted excursion to Old Point Comfort last year. There are many persons in Western Kentucky and Tennessee who take advantage of the exceedingly low rate every year and visit Virginia relatives and the most opportunity was not offered them last season, the railroad company has decided to run another special train to the sea shore this year, leaving about August 10, when all can take a three weeks' outing at very small cost. It is a little early to announce the exact date of departure, but it is pretty certain that the date will be fixed for not later than August 12. The round trip fare will likely be the same as it has been in past years and the limit of tickets will also be about the same. This is one of the most pleasant trips that one can take during the hot month of August and the prospects are that the number of persons who will go this time will be the largest on record for similar trips. Already many have been making inquiry and now that the summer of 1906 is well advanced, the train will certainly be run, others will make up their mind to join the party. Later along the exact date, rates, etc., will be officially announced.
